Unless required by the county, the town need not obtain any permit or pay any charge for these operations, but it must notify the county of its intent to enter on the public way and must leave the public way in a condition not inferior to that existing before.

Section PC71. Connections.

The town shall provide a connection with water and sanitary sewer mains for all property abutting on any public way in which a sanitary sewer or water main is laid. When any water main or sanitary sewer is declared ready for operation by the town, all abutting property owners after reasonable notice shall connect all fixtures with the water or sewer main. The town may require that, if it considers existing fixtures unsatisfactory, satisfactory ones be installed and may require that all cesspools, sinkdrains, and privies be abandoned, filled, removed or left in such a way as not to injure public health. The town may make a charge, the amount to be determined by the council, for each connection made to the town's water or sewer mains. This charge shall be uniform throughout the town, but may be changed from year to year. Arrangements for the payment of this charge shall be made before the connection is made.

Section PC73. Changes in plumbing, etc., to prevent waste or improper use.

In order to prevent any leakage or waste of water or other improper use of the town's water system or sewage disposal system, the town may require such changes in plumbing, fixtures, or connections as it deems necessary to prevent such waste or improper use.

Section PC74. Private systems.

The town by ordinance may provide that no water supply, sewerage, or storm water drainage system, and no water mains, sewers, drains, or connections therewith, shall be constructed or operated by any person or persons, firm, corporation, institution, or community, whether upon private premises or otherwise, and may provide that cesspools or other private methods of sewage disposal shall be operated and maintained in such a manner that they do not and will not be likely to affect adversely the public comfort and health and any cesspool or other private method of sewage disposal affecting or likely to affect adversely the public comfort and health may be deemed a nuisance and may be abated by the town. Any violation of an ordinance passed under the provisions of this section may be made a misdemeanor.

Section PC75. Extensions beyond boundaries.

The town may extend its water or sewerage systems beyond the town limits, but only under circumstances and conditions which will not impair services to the properties within the town and which will impose no financial burden upon the townspeople, or impair its ability to annex any unincorporated areas served.

Section PC76. Right of entry.

Any employee or agent of the town, while in the necessary pursuit of his official duties with regard to the water or sewage disposal systems operated by the town, has a right of entry, for access to water or sewer installations, at all reasonable hours, and after reasonable advance notice to the owner, tenant, or person in possession, upon any premises and into any building in the town or in the county served by the town's water or sewage disposal system. Any restraint or hindrance offered to the entry by any owner, tenant, or person in possession, or the agent of any of them, by ordinance, may be made a misdemeanor.

Section PC79. Charges.

The town may charge and collect such service rates, water rents, ready-to-serve charges, or other charges as it deems necessary for water supplied and for the removal of sewage. These charges are to be billed and collected by the treasurer, and if bills are unpaid after thirty days, the service may be discontinued. All charges shall be a lien on the property, collectible in the same manner as town taxes or by suit at law.

All revenues from public utility operations by the city [town] shall be kept separate from other city [town] funds. These revenues shall be used for current operating expenses of these utilities, replacement and extension of facilities and payment of interest and principal on bonds issued for these purposes. If these revenues are not sufficient, the deficit must be made up from the general funds of the city [town]. In the event any utility bond issue requires that certain revenues be segregated from other utility funds and dedicated to the payment of principal and interest of that bond issue, a separate account shall be maintained as required by said bond issue.

Special Assessments

Section PC80. Power of town to levy special assessments.

The town may levy and collect taxes in the form of special assessments upon property in a limited and determinable area for special benefits conferred upon the property by the installation or construction, of water mains, sanitary sewer mains, storm water sewers, curbs, and gutters and by the construction, and paving of public ways and sidewalks or parts thereof, and it may provide for the payment of all or any part of the above projects out of the proceeds of the special assessment. The cost of any project to be paid in whole or in part by special assessments may include the direct cost thereof, the cost of any land acquired for the project, the interest on bonds, notes, or other evidences of indebtedness issued in anticipation of the collection of special assessments, a reasonable charge for the services of the administrative staff of the town, and any other item of cost which may reasonably be attributed to the project.

Section PC81. Procedure.

(a) *Provided*. – The procedure for special assessments, wherever authorized in this charter, is as provided in this section.

(c) Amount. – The amount assessed against any property for any project or improvement shall not exceed the value of the benefits accruing to the property therefrom, nor shall any special assessment be levied which causes the total amount of special assessments levied by the town and outstanding against any property at any time, exclusive of delinquent

installments, to exceed twenty–five per centum (25%) of the assessed value of the property after giving effect to the benefit accruing thereto from the project or improvement for which assessed.

(d) *Uniformity of rates.* – When desirable, the affected property may be divided into different classes to be charged different rates, but, except for this, any rate shall be uniform.

The notice shall also state the time and place at which all persons interested, or their agents or attorneys, may appear before the council and be heard concerning the proposed project and special assessment. Such notice shall be given by sending a copy thereof by mail to the owner of record of each parcel of property proposed to be assessed and to the person in whose name the property is assessed for taxation and by publication of a copy of the notice at least once in a newspaper of general circulation in the town. The clerk shall present at the hearing a certificate of publication and mailing of copies of the notice, which certificate shall be deemed proof of notice, but failure of any owner to receive the mailed copy shall not invalidate the proceedings. The date of hearing shall be set at least ten and not more than thirty days after the clerk shall have completed publication and service of notice as provided in this section. Following the hearing the council of commissioners, in its discretion, may vote to proceed with the project and may levy the special assessment.

(f) *Right to appeal.* – Any interested person feeling aggrieved by the levying of any special assessment under the provisions of this section shall have the right to appeal to the circuit court for the county within ten days after the levying of any assessment by the commissioners.

(g) *Payments; interest.* – Special assessments may be made payable in annual or more frequent installments over such period of time, not to exceed ten years unless imposed for payment of bonds with a longer maturity in which case they shall not exceed the maturity date of the bonds, and in such manner as the council of commissioners may determine. The council shall determine on what date installments shall be due and payable. Interest may be charged on installments as the rate to be determined by the council.

(h) When due; lien on property; collection. – All special assessment installments are overdue sixty days after the date on which they became due and payable. All special assessments shall be liens on the property and all overdue special assessments shall be collected in the same manner as town taxes or by suit at law.

(i) *Treasurer*. – All special assessments shall be billed and collected by the treasurer.

undertaking or property in connection with which such bonds were authorized and issued, except that payment of such bonds, both as to principal and interest, may be further secured by the pledge of any part or all of any taxes in the form of special assessments upon property in a limited and determinable area connected or associated with or specially benefited by the particular project, undertaking or property, or by a mortgage of all or any part of such particular project, undertaking or property, if title thereto is held by the town, and except that, in case of an issuance of revenue bonds for constructing, improving, equipping and acquiring parking facilities of every type and description (which facilities may include roads, streets, runways, waterways and bridges facilitating the movement of all traffic in the vicinity of parking areas), such ordinance and any trust indenture or mortgage executed pursuant thereto shall establish the security for such revenue bonds, which security may include, in addition to other security permitted by law, the assignment and pledge, in whole or in part, of rates, rentals, fees, charges or other revenues, then being or thereafter to be received by the town from parking facilities, including but not limited to collections from parking meters on public thoroughfares; and an agreement by the town to pay any deficiency in the debt service requirements of such revenue bonds for any year in which there is a deficit, provided that any such payment under any agreement or agreements shall not exceed, but shall be limited and restricted to, the sum which would be received from a tax of two cents (\$0.02) per hundred dollars on the assessable basis of the town for any one year. In addition, the town may enter into a trust agreement or trust indenture with any band [bank] or trust company authorized to do business in Maryland and may make in such instrument such covenants and commitments as may be required by any purchaser for the adequate security of said revenue bonds. Revenue bonds issued under this section shall not constitute an indebtedness within the meaning of Section PC94 hereof and are hereby specifically exempted from the restrictions contained in Sections 9, 10 and 11 of Article 31 of the Annotated Code of Maryland, 1957 Edition, as amended. Revenue bonds issued under this section shall be authorized by ordinance and issued in one or more series and bear such date or dates, mature at such time or times, bear interest at such rate or rates, not exceeding six percentum (6%) per annum, be in such denomination or denominations, be in such form either with or without coupons or registered, carry such registration privileges, have such rank or priority, be executed in such manner, be payable in such place or places; be subject to such terms of redemption (with or without premium), be secured in such manner and have such other characteristics as may be provided by such ordinances or the trust indenture or mortgage executed pursuant thereto and, in case of an issuance of revenue bonds for industrial development, shall set forth the precise terms and conditions upon which the town shall have agreed to provide a plant or plants or other necessary facilities therefor, as provided by the Commissioners, which terms and conditions may include:

(4) Any other terms, provisions and restrictions which the Commissioners may determine to be necessary or appropriate in the circumstances.

Section PC94. General obligation indebtedness.

The issuance and sale of general obligation bonds; bond, loan or gift anticipation notes; or tax anticipation or emergency notes, shall constitute a pledge of the full faith and credit of the town to the prompt payment, when due, from ad valorem taxes and such other revenues as may be described in the authorizing ordinance or ordinances, of the principal of and interest on such bonds or notes. The maturing principal of and interest on any general obligation bonds may be paid in whole or in part from the proceeds of benefit assessments or other revenues; but, in any event, the Commissioners shall, if and when necessary, annually levy, upon all property within its corporate limits subject to ad valorem taxes, taxes sufficient to provide for the payment of the maturing principal and interest on any such bonds or notes, without limitation of law, and the issuance and sale of any such bonds or notes shall constitute a covenant to that effect.

Section PC95. Emergency appropriations and funding thereof.

At any time in the budget year the Commissioners may, pursuant to this section, make emergency appropriations to meet a pressing need for public expenditures, for other than a regular or recurring requirement, to protect the public health, safety and welfare. Such appropriation shall be a resolution adopted by the favorable votes of at least four–fifth [four–fifths] (4/5) of the members of the council of Commissioners. The total amount of any emergency appropriations made in any budget year shall not exceed five percent (5%) of the total appropriations made in the budget year for that year. In the absence of unappropriated available revenues to meet emergency appropriations, the Commissioners shall in their resolution authorize the issuance of notes, each of which shall be designated "emergency note", but all such notes or renewals thereof shall be paid not later than the last day of the fiscal year next succeeding the fiscal year in which the emergency appropriation was made. They shall be sold in the manner provided by the Commissioners.

For the purpose of making this power effective, no plat or plan of any subdivision or resubdivision within the town shall be recorded among the land records of Wicomico County by the Clerk of the Circuit Court for Wicomico County until the plat or plan has been approved in writing by the Pittsville Planning Commission and such approval endorsed on said plat or plan. The Commissioners shall have the power to prescribe rules and regulations governing the filing of plats and plans, the erection of permanent markers wherever necessary,

the supplying of necessary topographical data, the layout and construction of proposed streets, the establishment of building lines and zoning regulations and such other things as they may deem necessary for the proper control of subdivisions or resubdivisions. No public way shall be accepted for public use and ownership unless the plat and location thereof shall have been submitted to and approved in writing by the Pittsville Planning Commission.
